

Beaver Toilet Paper Roll Craft

contributed by [Leanne Guenther](#)

This is a simple three dimensional beaver craft that is fun for kids to make and play with.

Materials:

- toilet paper roll or cardboard tube,
- printer,
- something to color with,
- scissors,
- glue,
- Paper

Instructions:

- Print out the template of choice. (If using the black and white template, try printing on brown construction paper).
- Color (where appropriate) and cut out the template pieces.
- Glue the large rectangular piece on first to cover the tube. Toilet paper rolls come in different sizes, so if you find the rectangle is a bit too big, just trim it down. If you find it's a bit too small, just cut out another small piece to fill in the gap.
- Glue on the head, arms and chest.
- Fold the feet tabs and glue to the inside, bottom of the toilet paper roll.
- Fold the tail in half and glue so it looks colored on each side then fold tab and glue to the toilet paper roll.

Glue the saw into one of the hands
